

EFURCB Series (5 and 6 Zone)

- Compatible with any home automation system:

LUTRON

CRESTRON

Control4

- Any on/off switch
- 0 to 100% Dimming capabilities
- Programmable Sequential Timer (Optional)

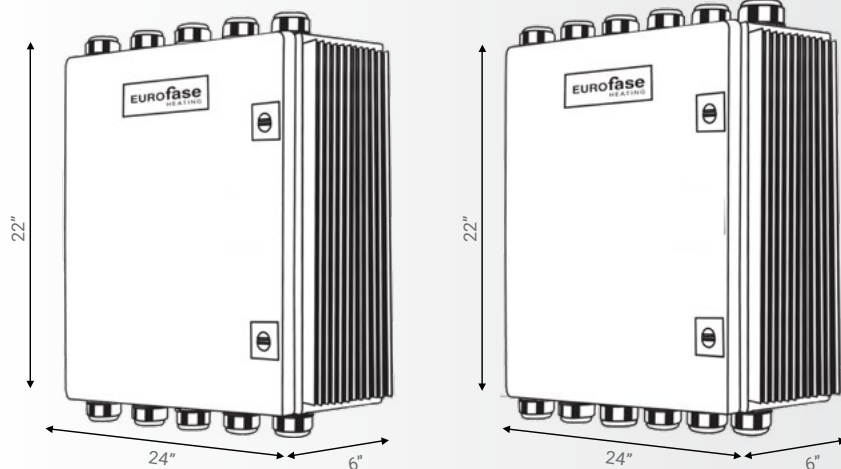

FEATURES

The Universal Relay Control Box facilitates the management of multiple heaters by establishing diverse heat zones within a designated area through the use of 0-10V solid state relays, offering the user the option to incorporate dimming capabilities to the heaters.

5 ZONE

6 ZONE (Heatsink on both sides)

* Heatsink dimensions: 18" X 2"

SPECIFICATIONS

SERIES	EFURCB
